BIITM takes immense pride in announcing the 20<sup>th</sup> graduating batch of MBA students in 2022. Over the last 2 decades we have built an exceptional reputation by producing managers of the highest calibre. The B-School fosters and cultivates future leaders who are set to make an indelible mark on the industry and society.

I take immense pride in informing that four of our students in the last six years have been declared as the coveted Gold Medalists from Biju Patnaik University of Technology, Odisha. This is a reflection not only of the quality of students we are able to attract but also the dedication of our faculty members in coaxing all students to achieve academic excellence.

Our MBA Curriculum offers an exhaustive range of choices for the students. In the second year of the programme, students have the option to choose specializations in functional areas like Marketing, Finance, HR, Operations Management & Systems Management. Apart from a diligent pursuit of, a rigorous academic schedule, every student needs to spend a mandatory 45 days stint in a corporate house for the Summer Internship Programme (SIP) in order to get a feel of industry's functions on a day-to-day basis, thereby ensuring holistic learning. Every student during the academic year is mentored by a faculty member to inculcate a comprehensive view, indeed a big picture of the road ahead.

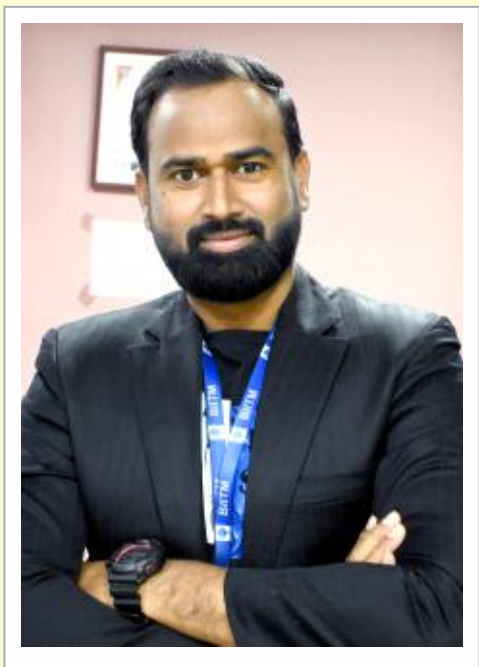

Organizations from a diverse pool have in the past recruited our students in various roles and functions ranging from strategy and core consulting to operations, marketing and finance. The placement trend of the past few years clearly demonstrates a deep appreciation of our students' capabilities particularly during the interactions in the placement season, which have culminated in favorable employment scenario for our students.
