Online Education

1. Does all programs/courses were completed on time.	Yes		
2. Measures taken to complete the syllabus of courses and programs.	<p>The pandemic ushered in the concept of learning from home. BIITM faculty members were among the first under BPUT to conduct online classes using Google Meet (a dynamic platform in which the B School invested early) & Zoom platform as per need. Typical classes use Google Meet while outreach Webinars and online quizzes use the Zoom platform. Students are asked to come prepared with lessons through e-learning resources & they also take part in discussions and also have interaction with teachers. This leads to question answer sessions on various topics. Teachers give regular feedback to their students also.</p> <p>Moreover, faculty members use a variety of video clips as well as the MCQ's available on the internet to make learning more nuanced. The video clips are used in a variety of subjects though predominantly used in the areas of marketing, HR & OB, Finance, Operations, Systems etc..</p> <p>Faculty members usually give assignments and presentations on latest issues and developments in industry for which students use online sources for their creative inputs in projects, assignments, topic presentations and in developing soft skills. BIITM encourages students to broaden their outlook and to develop their learning skills through online resources.</p> <p>Through GOOGLE CLASSROOM (assignments, questions & study material), for each subject, the teacher concerned provides study materials to students, which have proved very useful. Apart from library books and class-notes, students use these as a first hand learning tool. Distribution of study material to students in advance is helpful in many ways like solving problems, working on exercises, quiz/assignment, etc. Online Games and Contests - Students participate from time to time in online games organized by the B School. Some games like stock market dynamics and share trading have been enthusiastically received by the students, which have helped them to hone their skill of suitable portfolio selection. The simulation skills of students are improved and learn to get maximum benefit from limited resources, such as QUIZZZ, HOT POTATO and WHEEL OF NAMES.</p>		
3. The period of delay in completion of syllabus (in months).	0
